In the 1980s, with the advent of computer printing on vinyl, traditional hand-lettering faced stiff competition. Hand-lettering and traditional sign painting have experienced a resurgence in popularity in recent years.

TT Marks has one variable font. To use the variable font on Mac you must have MacOS 10.14 or a newer version. An important clarification — not all programs support variable technologies yet, you can check the support status here: v-fonts.com/support/.
